

A prayer for students

Dear Lord,

You said in your word I should ‘study to show thyself approved unto God.’ Help me in this area.

I pray for your guidance in my choice of subjects, for you know the way I should take. Help me to set aside time and energy in my studies. Cause me to be the head and not the tail in my class.

Lord I desire a good understanding and the ability to retain knowledge as I learn. Please develop in me analytical and language skills.

Help me to see the benefits of applying myself with the spirit of excellence. Please give me excellent memory skills and a methodical approach to my studies. Help me with my presentation skills.

I also pray for favour with my teachers and peers to achieve my goal. I commit this and all other areas of my life for your glory in Jesus name.
